

Appendix Table 6-9-2 List of Private Management Document Information

Item No.	Function composition	Procedure Specifications No.	Name of Procedure Specifications	Procedure Outline	Output Information Code (*)	Cycle	Output Destination																Output Format		On-Line Service for Requesting Creation of Extraordinary Report						
							Airline	Air Cargo Agent	Customs Broker	Aircraft's Store Dealer	Forwarder	Bonded Warehouse	General Insurance Company	Carriers	Shipping Agents	CY	Importer/Exporter	INOC	Sea Freight Forwarder	Van Pool	Trade of Payment	General Applicant	Other Systems	CSV Format	MACCS-EDI Format	Without Delimiter	Two Byte Characters				
1	Cargo	G01	Import Cargo Carry-in/Out Data	Outputs carry-in/out data by each customs area for import cargoes conveyed from customs area within the previous week. In addition, data is output for import cargoes where carry-out was canceled.	SBS1400	Weekly report				NA		NA				NA							NA			NA		DLH01			
2	Cargo	G02	Export Cargo Carry-in/Out Data	Outputs carry-in/out data by each customs area for export cargoes which were conveyed (including loading. This applies to hereinafter) from customs area within the previous week. In addition, data is output for export cargoes where carry-out was canceled.	SBT0200	Weekly report						NA					NA							NA			NA		DLH01		
3	Cargo	G03	Data List of Over Land Transport Declaration	declaration cancellations, and changes to manual procedure, relating to over land transport declarations which were carried out within the previous month; the actual records for individual transportation information registration and cancellation of individual transportation information for general over land transport approval, which were carried out within the previous month; or actual records for registration and cancellation of specific over land transport which were carried out within the previous month.	SBS1500	Monthly report			NA	NA		NA					NA		NA					NA			NA		-		
4	Cargo	G04	Actual Data for Freight Handling	Outputs freight handling data, etc. for cargoes where freight handling was registered and freight handling permits were obtained within the previous week by each customs area. In addition, for cargoes where there are applications for permission of sample removal or registration of confirmation of sample removal, a data list is output by each customs area after a specified period.	SBS1600	Monthly report						NA													NA			NA		-	
5	Cargo	G05	Data List of Freight Handling, etc.	Outputs freight handling data, etc. for cargoes where freight handling was registered and freight handling permits were obtained within the previous week by each customs area. In addition, for cargoes where there are applications for permission of sample removal or registration of confirmation of sample removal, a data list is output by each customs area after a specified period.	SBS1700	Weekly report						NA					NA							NA			NA		DLH01		
6	Cargo	G06	Actual Data for ACL Registration	Calculates and outputs for each Carrier data which was provided for documents of loading and unloading which must be presented to Customs Station officers based on Article 16, Paragraph 2 of the Customs Law. "Application for Checking of Loading (for Container Vessels) (ACLD1)" procedure, "Application for Checking of Loading (for Conventional Vessels and Car Carriers) (ACLO2)" procedure, "Application for Checking of Loading (for container vessel) (for SWB) (ACLOS)" procedure, and "Application for Checking of Loading (for conventional vessel) (for SWB) (ACLO4)" procedure	SBT0300	Monthly report			NA				NA					NA	NA						NA			NA		-	
7	Cargo	G08	Import Cargo Container Related Data	For Cargo Control Number which were output through "Import Cargo Carry-in/Out Data (G01)", the cargo Container Number for cargo which was conveyed or for which conveyance was canceled is provided by each customs area.	SBS1800	Weekly report											NA								NA			NA		DLH01	
8	Cargo	G09	Export Cargo Container Related Data	For Cargo Control Number which were output through "Export Cargo Carry-in/Out Data (G02)", the cargo Container Number for cargo which was conveyed (including loading. This applies hereinafter) or for which conveyance was canceled is output by each bonded area.	SBT0500	Weekly report																			NA			NA		DLH01	
9	Cargo	G10	Long-Term Stored Cargo Information (for Private Companies)	Outputs information on cargoes which have been stored in Bonded Warehouse for more than 1 month.	SBS1900	Monthly report					NA	NA					NA								NA			NA		-	
10	Cargo	G11	Data List of Handling of Unloaded Container List	Outputs actual records for the unloaded container list for the previous month which was handled by Carriers, shipping agents, CY, and Customs Brokers by each user.	SBS2000	Monthly report			NA						NA	NA	NA								NA			NA		-	
11	Cargo	G12	Data List of Handling of Loaded Container List	Outputs actual records for the loaded container list for the previous month which was handled by Carriers, shipping agents, CY, and Customs Brokers by each user.	SBT0600	Monthly report				NA					NA	NA	NA								NA			NA		-	
12	Cargo	G13	Warehousing Cargo Long-Term Storage Information (for Private Companies)	First, outputs information by each Bonded Warehouse regarding cargo for which a period of 23 months has passed after the date of approval for import for storage and where a declaration for import from the storage warehouse is not been submitted. However, when the storage period is extended, information on cargo where there is 1 month remaining until the storage extension deadline and for which a declaration for import from storage warehouse has not been carried out is output by each customs warehouse.	SBS2300	Weekly report							NA												NA			NA		-	
13	Export Customs Clearance	H01	Data List of Export Declaration	Provides actual records of the following items for the previous month handled by Customs Brokers by each customs broker. (1) Actual records of permit for export declaration (2) Actual records of permit for export manifest customs clearance declaration (only aeronautical system is subjected) (3) Actual records of permit for export declaration for unaccompanied goods	CBE5100	Monthly report			NA																NA			NA		-	
14	Export Customs Clearance	H02	Actual Data of Permit and Approval, etc. for Export Cargoes	Provides actual records of the following matters regarding export cargoes handled by Customs Brokers in the previous month by each marine cargo and air cargo, and each Customs Station. (1) Actual number of permits for export declarations (2) Actual number of approvals to change details of export permits (3) Actual number of permits for export declarations for unaccompanied goods (4) Actual number of approvals to change details of permits for export of unaccompanied goods (5) Actual number of freight handlings, etc. (6) Actual number of permits for storage at other places	SBF5100	Monthly report			NA																	NA			NA		-
15	Export Customs Clearance	H03	Data of Number of Handling of Export Customs Clearance (Daily Report)	Provides actual records of the number of handling for the following procedures carried out within the previous day by each agents and office of agent. (1) The number of handling and declared Value for the following procedures: [1] export declaration, [2] declaration for reshipment, [3] specific export declaration, [4] declaration for reshipment of display, etc., [5] export manifest customs clearance declaration (2) The number of approvals to change details of export permits (3) The number of AWB (HAWB) for carry-in confirmation, Number of Packages, and weight (4) The number of handling for the following procedures: [1] Content verification, [2] assortment, [3] registration	ABE5100	Daily report			NA																	NA				-	
16	Export Customs Clearance	H04	Data of Number of Handling of Export Customs Clearance (Monthly Report)	Provides actual records of the number of handling for the following procedures carried out within the previous month by each agents and office of agent. (1) The number of handling and declared Value for the following procedures: [1] export declaration, [2] declaration for reshipment, [3] specific export declaration, [4] declaration for reshipment of display, etc., [5] export manifest customs clearance declaration (2) The number of approvals to change details of export permits (3) The number of AWB (HAWB) for carry-in confirmation, Number of Packages, and weight (4) The number of handling for the following procedures: [1] Content verification, [2] assortment, [3] registration	ABE5200	Monthly report			NA																	NA				-	
17	Cargo	H05	Actual Data of Permitted Cargo by Each Item (for Customs Broker)	Outputs the number of AWB and HAWB of cargoes which obtained export permit within the month, Number of Packages, and weight, etc., by each Customs Broker, place of destination, and item.	ABE5300	Monthly report			NA																	NA				-	
18	Export Customs Clearance	H06	List by Selectivity type for Export Declaration	Edits actual records of the following items for the previous day handled by customs brokers by each Selectivity type and provides them to Customs Brokers. (1) Actual records of permit for the following procedures: [1] Export declaration (including delegated export declarations and export declaration for specially manufactured goods), [2] declaration for reshipment, [3] specified export declaration, [4] declaration for reshipment of display, etc. (2) Actual records of permit for export manifest customs clearance declaration (only aeronautical system is subjected) (3) Actual number of permits for export declaration for unaccompanied goods (4) Actual number of approvals for application of direct delivery (only for export. Only maritime system is subject)	CBE5400	Daily report			NA																NA			NA		-	
19	Import customs clearance	I01	Lump Sum Payment Slip Information	Outputs lump sum Payment Slips for import declaration, etc. subject to lump sum payment due to the fact that the tax payment method is a comprehensive extension of Payment Deadline for tax payment, special declaration prompt payment, and special extension of Payment Deadline for declaration.	SBF7100 ABF7100	Monthly report Monthly report			NA								NA								NA			NA		- -	
20	Import customs clearance	I02	Payment Number Notification Information (Lump Sum)	Outputs the Payment Number Notification Information (Lump Sum) for import declaration which is registered as payment is carried out through multiple payment network and is subject to lump sum payment due to the fact that tax payment method is comprehensive extension of Payment Deadline for tax payment, special declaration prompt payment, or special extension of due date for declaration.	SBF7201 ABF7201	Monthly report Monthly report			NA								NA								NA			NA		- -	

Appendix Table 6-9-2 List of Private Management Document Information

Item No.	Function composition	Procedure Specifications No.	Name of Procedure Specifications	Procedure Outline	Output Information Code (*)	Cycle	Output Destination																Output Format		On-Line Service for Requesting Creation of Extraordinary Report

22	Import customs clearance	004	Lump Sum Payment Bill Data	(1) Report Type: "comprehensive extension of Payment Deadline for tax payment (Direct Payment)", "comprehensive extension of due date for tax payment (account)", "special declaration prompt payment (Direct Payment)", "special extension of due date for declaration (Direct Payment)", and "special extension of due date for declaration (account)" This is output as a breakdown of lump sum Payment Slips grouped by each Lump-Sum Payment Slip Number, including details of declarations which are treated as lump sum payments, such as Customs Brokers, importers, and declaration No., etc., and the Amount of Duty. (2) Report type: "special declaration prompt payment (account)" This is output as a breakdown of information of lump sum withdrawals from the account including details of declarations which are treated as lump sum payment, such as customs brokers, importers, and declaration No., etc., and amount of duty, grouped by special declaration account lump sum withdrawal No. (the same as Lump Sum Payment Slip No.) (3) Report type: "MPN comprehensive extension of due date for tax payment", "MPN special declaration prompt payment", and "MPN special extension of due date for declaration" This is output as a breakdown of lump sum payments using the multiple payment network grouped by each lump sum payment slip No., including details of declaration which are treated as lump sum payment, such as customs brokers, importers, and declaration No., etc., and amount of duty.	SBF7401 ABF7401 SBF7411 ABF7411	Monthly report Monthly report Extraordinary report Extraordinary report			Yes									Yes						Yes	Yes	Yes	Yes	- - DL503 DL503
23	Import customs clearance	005	Lump Sum Payment Bill Summary Data	Outputs comprehensive data where Lump-Sum Payment Slip Number of Lump Sum Payment Bill Data (including Lump Sum Payment Bill Information) is summarized as a list.	CBF7501 CBF7511	Monthly report Extraordinary report			Yes																			- DL503
24	Import customs clearance	006	Bank Statement Data	Outputs actual records of withdrawal through procedures such import declaration within the previous day, to account holders and account users, for each Account Number	CBF7610 CBF7620	Daily report Daily report																						- -
25	Import customs clearance	013	Actual data of withdrawals from registered payment accounts	Outputs detail records that has been collected by withdrawals from registered payment accounts through payment registration procedures within the previous day	CBF8300	Daily report																Yes						-
26	Import customs clearance	014	Output Destination Information for Lump Sum Payment Slip	The Output Destination*2 of Payment Slip Information, etc.*1 for import declarations, etc. handled by Customs Brokers are registered in the system in advance for each importer (import trader). Since the information is output to either the importer (import trader), representative Customs Broker or Filer, each Customs Broker outputs to which destination the Payment Slip Information, etc.*1 was output for each Customs Broker. (*1)Report of Payment Slip, etc. is as follows. [1] Lump Sum Payment Slip Information [2] Payment Number Notification Information (Lump Sum) [3] Lump Sum Payment Bill Information [4] Lump Sum Payment Bill Data [5] Lump Sum Payment Bill Summary Data (*2)Output Destination is as follows. [1] Filer [2] Representative Customs Broker [3] Importer (import trader)	CBF8400	Monthly report				Yes														Yes		Yes		-
27	Import customs clearance	051	Data List of Import Declaration	Provides actual records of the following items for the previous month handled by Customs Brokers by each customs broker. (1) Actual records of permit and approval, etc. for import declaration, etc. (2) Actual records of special declaration (3) Actual records of amended return (including special amended return) (4) Actual records of examination completion of request for reassessment of customs duty, etc.	CB05100	Monthly report																						-
28	Import customs clearance	052	Actual Data of Permit and Approval, etc. for Import Cargoes	Provides the actual number of the following matters of import cargoes handled by Customs Brokers in the previous month by each Customs Station. (1) Actual numbers of permit and approval for import declaration, etc. (2) Actual numbers of import declarations, etc. which are treated as customs clearance of cargo in container, customs clearance of cargo aboard ship, and customs clearance of cargo aboard barge (3) Actual numbers for each Examination type of import declarations, etc. which are subject to Examination (4) Actual number of special declarations (5) Actual number of amended returns (including special amended returns) (6) Actual number of granted requests for reassessment of customs duty, etc. (7) Actual number of approvals for over land transport declarations (8) Actual number of freight handling, etc. (9) Actual number of permits for storage at other place	SBD5100	Monthly report				Yes															Yes	Yes	Yes	-
29	Import customs clearance	053	Import Declaration List Data (Okinawa Regional Duty Free Shop System)	Provides, by each Customs Broker, Import Declaration No., Flight No., and Reference Number for Internal Use of declarations and applications which obtained import permits within the previous day, such as Import Permits (Okinawa Regional Duty Free Shop System), Approval for the Goods Delivered Before Permit (hereinafter, referred to as "BP") (Okinawa Regional Duty Free Shop System), or Import Permits for Goods Delivered Before Permit (hereinafter, referred to as "BP").	SBD5200 SBD5300 SBD5400	Daily report Daily report Daily report				Yes															Yes	Yes	Yes	- - -
30	Import customs clearance	054	Actual Data for Handling of Imported Cargoes	Provides the actual number of the following matters of import cargoes handled by Customs Brokers in the previous month by each Customs Station. (1) Actual number of permit and approval of the following procedures [1] Import declaration (including Approval for the Goods Delivered Before Permit (hereinafter, referred to as "BP")) [2] Import Declaration (duty free for small amount) (including application for BP approval) [3] Import (Delivery) declaration [4] Declaration for import from storage warehouse (including application for BP approval) [5] Import from Manufacturing Warehouse (including declarations subjected to raw material taxation and application for BP approval) [6] Import From Integrated Customs Area (including declarations subjected to raw material taxation and application for BP approval) [7] Application for Import for Storage [8] Application for Approval of Delivery to Customs Manufacturing Warehouse [9] Application for Approval of Import for Integrated Customs Area [10] Declaration for Display, etc. [11] Import Manifest Customs Clearance Declaration (2) Actual number of Special Declarations (3) Actual number of amended returns (including special amended return) (4) Actual number of approvals for over land transport declarations (5) Actual number of handling of freight handling, etc. of the following matters: [1] Content verification and others [2] Remodeling and assortment	ABD5100	Monthly report				Yes															Yes			-

Only maritime system is subject)	CB05300	Daily report			TM														TM			TM	-
33	Import customs clearance	157	Actual Record Data of Use of Block Insurance	Collects data regarding use of block insurance from the following actual records, and provides data for the previous month by each importer. (1) Actual records of permits and approvals for the following procedures (hereinafter, referred to as "Import Declaration, etc.") [1] Import declaration (including Approval for the Goods Delivered Before Permit (hereinafter, referred to as "BP")) [2] Import Declaration (duty free for small amount) (including application for BP approval) [3] Declaration for Import from Storage Warehouse (including application for BP approval) [4] Import from Customs Manufacturing Warehouse (including application for BP approval) [5] Import From Integrated Customs Area (including application for BP approval) [6] Application for Import for Storage [7] Application for Approval of Delivery to Customs Manufacturing Warehouse [8] Application for Approval of Import for Integrated Customs Area [9] Declaration for Display, etc. (2) Actual records of acceptance of Special Declarations (including delegated import)	CB05400	Ten-day report											TM						TM			TM	-
34	Import customs clearance	158	Data List of Notification of import of food etc.	For the import notification of food etc., Collects data regarding the certificate of import notification of food etc. was output to all the columns (examination completion) on a daily basis and provides data for the previous month	CB05500	Monthly report	TM	TM	TM	TM	TM	TM	TM	TM	TM	TM	TM	TM	TM	TM	○	TM	TM			TM	-
35	Import/Export Common	101	List of Unpaid Charge	For the following applications, etc. which require charge, outputs as a list applications, etc. where payment has not been completed since the "Payment Number Notification Information (charge)" was issued to the Applicant, and has not been withdrawn nor canceled and a specified period has passed. [1] "Application for Permission for Entrance into and Departure from Closed Port (CPC)" procedure [2] "Application for Examination of Cargo outside the Designated Place (AEC)" procedure [3] "Application for Payment of Charge for General Purpose Application (RPC)" procedure	CB02000	Daily report	TM	TM	TM	TM	TM	TM	TM	TM	TM	TM	TM	TM	TM	TM	○	TM	TM			TM	-
36	Import/Export Common	106	List of Notified Export Items of Pharmaceuticals and Medical Devices, etc.	For export notifications accepted within the previous month, outputs item list data	CB02700	Monthly report			TM								TM						TM			-	
37	Import/Export Common	107	List of Reported Import Items of Pharmaceuticals and Medical Devices, etc.	For pharmaceutical inspector's certificates issued within the previous month, outputs information of item list to reporters	CB02800	Monthly report			TM								TM						TM			-	
38	Import/Export Common	112	Data list of animal quarantine related application	Collects data approved by the Animal Quarantine Station on a daily basis, and provides data for the previous month on application for Examination of imported livestock products, application for Examination of imported animal, application for Examination of exported animal, applications for the Examination of imported dogs, applications for the Examination of exported dogs.	CB30010	Monthly report	○	○	○	○	○	○	○	○	○	○	○	○	○	○	○	○	○	○	○	○	-
39	Import/Export Common	113	Data list of plant quarantine related application	Collects data approved by the Plant Protection Station on a daily basis and provides data for the previous month on applications for the Examination of imported plants and applications for the Examination of exported plants.	CB40010	Monthly report	○	○	○	○	○	○	○	○	○	○	○	○	○	○	○	○	○	○	○	○	-
40	Import/Export Common	114	Data list of applications for permission of sample taking-out	Outputs the results of permission and permission revoked during the previous month on the applications for permission sample taking-out by user.	CB04500	Monthly report	○	○	○	○	○	○			○		○	○	○	○	○	○	○	○	○	○	-
41	For other systems	K14	Extraction Process of Declaration for Cargo Clearance Information Service System	Provides the following data by each maritime and aeronautical system. (1) Import information (general declaration) (2) Import information (import (release of goods) declaration) (3) Import information (special declaration) (4) Import information (oil-based products, etc. from Manufacturing Warehouse (from Integrated Customs Area)) (5) Amended return information (6) Request for reassessment of customs duty, etc. information (7) Export information	SBK1400 SBK1500 SBK3100 SBK3200 ABK1400 ABK1500 ABK3100 ABK3200	Daily report Daily report Daily report Daily report Daily report Daily report Daily report															TM	TM	TM	TM	TM	-	
42	For other systems	K25	For each Port Import Cargo Data for Port Statistics (Daily)	Collects and outputs all cargo information and container information for all Carriers, where "Manifest Submission (DMF)" procedure is applied	SBK2500	Daily report																TM	TM			-	
43	For other systems	K26	For each Port Import Cargo Data for Port Statistics (Ten-day)	Collects and outputs all cargo information and container information for all Carriers, where "Manifest Submission (DMF)" procedure is applied	SBK2600	Ten-day report																TM	TM			-	
44	For other systems	K27	For each Port Export Cargo Data for Port Statistics (Daily)	Collects and outputs all cargo information and container information for all Carriers, where "Application for Checking of Loading (CCL)" procedure is applied	SBK2700	Daily report																TM	TM			-	
45	For other systems	K28	For each Port Export Cargo Data for Port Statistics (Ten-day)	Collects and outputs all cargo information and container information for all Carriers, where "Application for Checking of Loading (CCL)" procedure is applied	SBK2800	Ten-day report																TM	TM			-	
46	For other systems	K29	For each Port Transship Cargo Data for Port Statistics (Daily)	Collects and outputs all cargo information and container information for all Carriers, where "Application for Checking of Loading (CCL)" procedure is applied	SBK2900	Daily report																TM	TM			-	
47	For other systems	K30	For each Port Transship Cargo Data for Port Statistics (Ten-day)	Collects and outputs all cargo information and container information for all Carriers, where "Application for Checking of Loading (CCL)" procedure is applied	SBK3000	Ten-day report																TM	TM			-	
48	Cargo	S01	DEPARTURE CARGO REPORT BY FLIGHT (DAILY)	Outputs information for the day such as the number of AWB, Number of Packages, and weight, etc. of cargoes loaded by each Airline (including contract airlines) by each place of shipment and place of discharge. In addition, extracts data of "delivery - reception" carried out from actual data of Temporary Landing cargo.	ABT5100	Daily report	TM																			-	
49	Cargo	S02	DEPARTURE CARGO REPORT BY FLIGHT (MONTHLY)	Outputs the number of AWB, Number of Packages, and weight, etc. of cargoes loaded within the relevant month by Airline (including contract airlines), place of shipment, flight where cargoes were loaded, and place of discharge. In addition, extracts data of "delivery - reception" carried out from actual data of Temporary Landing cargo.	ABT5200	Monthly report	TM																□			-	
50	Cargo	S03	DEPARTURE CARGO MOVEMENT STATISTICS	Outputs the number of AWB, Number of Packages, and weight, etc. of non-free cargoes loaded within the relevant month by Airline (including contract airlines), place of shipment, flight where cargoes were loaded, and place of destination	ABT5300	Monthly report	TM																□			-	
51	Cargo	S04	Management Data for Duration of Temporary Landing	Outputs information for each Bonded Warehouse such as the AWB No. etc. of cargoes stored in Bonded Warehouses where the date when it was conveyed to the Bonded Warehouse for the first time is 1 month before the date of departure	ABT5400	Ten-day report	TM					TM											TM			-	
52	Cargo	S06	Long-Term Stored Cargo Data (Bonded Export)	Sums up the amount conveyed to the Bonded Warehouse in the day, the number of Packages, weight, and number of conveyed in the day, the number of pieces, weight, and inventory in the day, grouped by each statistical classification																							

Appendix Table 6-9-2 List of Private Management Document Information
