NACCS CONCLUDES SERVICE PROVIDER AGREEMENT WITH 'INTERNATIONAL TRANSPORT INFORMATION SYSTEMS LIMITED' REGARDING ADVANCE FILING RULES

Kawasaki, Japan- 12 September 2013- Nippon Automated Cargo and Port Consolidated System, Inc. (NACCS, Inc) today announced the conclusion of service provider agreement with 'International Transport Information Systems Limited (ITIS)' (Hong Kong SAR) on the same day, September 12, 2013.

By this conclusion, ITIS is authorized as the 18th service provider of Japan AFR. Together with ITIS, ISI-Dentsu of Hong Kong, Ltd (ISID) which is the distributor of ITIS will support the customers especially in Asia region with its local offices all over Asia.

NACCS Center is expanding its network of service providers for smooth implementation of Japan Advance Filing rules which will start in March 2014 by enabling Carriers and NVOCCs in foreign countries to report electronically through NACCS to Japan Customs.

Ms. Satti Wong, CEO of International Transport Information Systems Limited- It is a recognized logistics trend that, just-in-time responsiveness of global logistics service providers becomes the de facto standard when serving supply chains, and Government requirements for 24 hr advance shipment notification.

In compliance with ITIS company vision of being "World's leading software provider for the logistics industry", the company will provide embedded integrations from INLOGI-freight management software to send AFR 24 to NACCS center. Through this seamless integration, ITIS users will enjoy and maintain excellent level of operation efficiency. ITIS, has all rounded EDI experiences for 20 years.

We believe our engineering team will work together with NACCS center to bring overall success to NACCS. ITIS network of users from Hong Kong, mainland China, Singapore, Thailand, Indonesia, US and UK will be able to send AFR 24 to Japan Customs without extra work effort. This powerful AFR 24 function once again strengthens the responsiveness capabilities of INLOGI as leading software in the world. Last but not least, ITIS must sincerely thank to NACCS for selecting ITIS as their 18th service provider for AFR 24

implementation. All ITIS software and services are distributed by ISID/HK and its global networks.
