## **Conclusion of Service Provider Agreement**

### 1. Overview of Dagang Net Technologies Sdn Bhd

Dagang Net Technologies Sdn Bhd ([www.dagangnet.com](http://www.dagangnet.com)), Malaysia's leading e-commerce service provider, has pioneered and spearheaded initiatives aimed at creating paper-less, electronic Customs-related services to ease the facilitation and streamlining of international trading processes for the import/export, trade and logistics industries.

Set up in 1989, Dagang Net is the operator of Malaysia's National Single Window ([www.mytradelink.gov.my](http://www.mytradelink.gov.my)), which facilitates electronic Customs related transactions and duty payments, and electronic document transfer between members of its trading community made up of manufacturers, importers & exporters, forwarders, shipping agents, terminal & port operators, banks, port authorities, permit issuing agencies and Customs.

### 2. Statement from Chief Executive Officer of Dagang Net Technologies Sdn Bhd, Ms. Zulina Mohammed Salleh

We are pleased to formalise this strategic regional alliance with Nippon Automated Cargo and Port Consolidated System Inc. (NACCS) as an authorised service provider for Advance Filing Rules. This alliance is part of efforts to offer more value added services in enhancing and growing cross-border trade to better serve our customers.

We are excited that NACCS has chosen to collaborate with us. This partnership is a smart partnership between Dagang Net, as the operator of Malaysia's National Single Window and the leading e-commerce service provider in trade facilitation for the country. It indeed creates significant advantage for our customers for submission of cargo information through NACCS in compliance with Japan's new Advance Filing Rules. We strongly believe this partnership will contribute positively in delivering secure, reliable and speedy exchange of trade-related documents electronically that will further boost Malaysia-Japan trade ties.
