Appendix Table 7-2 List of Accumulative Processing Procedures (Automatic Invocation Processing (Pattern 2))

(Note) This table describes the processing content, etc. when an "accumulative processing procedure" is automatically invoked in place of the "original procedure".

Original Procedure		Accumulative Processing Procedure		Processing Unit	Existence of Processing Result Notification	Invoked Procedure		Invocation Timing of Accumulative Processing Procedure
<Sea Related Procedures>								
EDC	export declaration	1ED	Export Declaration (automatic invocation)	In units of 1 export declaration	Exist	BIC	Carry-In Confirmation Registration (uncustomed export)	When the entire quantity of cargo, for which information indicating that export declaration on carry-in is to be made is registered, is carried in to distributed warehouses, including the warehouse planned for customs clearance
						CYA	CY Carry-In Confirmation Registration	
						VAN	Vanning Information Registration (in units of containers)	
						VAE	Vanning Information Registration (in units of export management numbers)	
						VAA	Vanning Information Addition	
						VAD	Vanning Information Correction	
EDC	export declaration	3ED	Export Declaration (automatic invocation during office operating hours)	In units of 1 export declaration	Exist			Time-based invocation
UEC	Export Declaration of Unaccompanied Articles	1UE	Export Declaration of Unaccompanied Articles (automatic invocation)	In units of 1 export declaration of unaccompanied articles	Exist	BIC	Carry-In Confirmation Registration (uncustomed export)	When the entire quantity of cargo, for which information indicating that export declaration of unaccompanied articles on carry-in is to be made is registered, is carried in to distributed warehouses, including the warehouse planned for customs clearance
						CYA	CY Carry-In Confirmation Registration	
						VAN	Vanning Information Registration (in units of containers)	
						VAE	Vanning Information Registration (in units of export management numbers)	
						VAA	Vanning Information Addition	
						VAD	Vanning Information Correction	
UEC	Export Declaration of Unaccompanied Articles	3UE	Export Declaration of Unaccompanied Articles (automatic invocation during office operating hours)	In units of 1 export declaration of unaccompanied articles	Exist			Time-based invocation
DCL02	Discharged Container Information Registration (submission)	1DC	Discharged Container Information Registration (accumulative processing)	In units of 1 carrier	Exist	PID	Arrival Confirmation Registration	When information indicating that automatic invocation on the moment of arrival is to be made and arrival confirmation is completed, or when information indicating that Discharged Container Information Registration is to be made with Discharge Confirmation Registration (collective registration) procedure and that the registration is to be made during office operating hours is registered
						PKI	Discharge Confirmation Registration (collective registration)	
DCL02	Discharged Container Information Registration (submission)	3DC	Discharged Container Information Registration (automatic invocation during office operating hours)	In units of 1 carrier	Not exist			Time-based invocation
OLC/ OLC20	Customs Transit Declaration	1OT	Customs Transit Declaration (automatic invocation)	In units of 1 1 B/L No. * It can be made in units of multiple B/L Nos. on carry-in	Exist	PKK	Discharge Confirmation Registration (individual)	When cargo, for which information indicating that customs transit declaration on carry-in is to be made is registered, is discharged or carried in to the departure location
						PKI	Discharge Confirmation Registration (collective registration)	
						BIA	Carry-In Confirmation Registration (customs transit cargo)	
						CTS	Consolidated Cargo Confirmation Registration	
						CYE	CY Carry-In Confirmation Not Covered the System (collective carry-in)	
						CYA	CY Carry-In Confirmation Registration	
						VAN	Vanning Information Registration (in units of containers)	
						VAE	Vanning Information Registration (in units of export management numbers)	
						VAA	Vanning Information Addition	
						VAD	Vanning Information Correction	

Original Procedure		Accumulative Processing Procedure		Processing Unit	Existence of Processing Result Notification	Invoked Procedure		Invocation Timing of Accumulative Processing Procedure
OLC/ OLC20	Customs Transit Declaration	3OT	Customs Transit Declaration (automatic invocation during office operating hours)	In units of 1 customs transit declaration	Exist			Time-based invocation
IDC	Import declaration	1DA	Import Declaration (automatic invocation)	In units of 1 import declaration, etc.	Exist	PKK	Discharge Confirmation Registration (individual registration)	When cargo, for which information indicating that import declaration on carry-in, etc. is to be made is registered, is discharged or carried in to the warehouse planned for customs clearance
						PKI	Discharge Confirmation Registration (collective registration)	
						BIA	Carry-In Confirmation Registration (customs transit cargo)	
						CTS	Consolidated Cargo Confirmation Registration	
						CYA	CY Carry-In Confirmation Registration	
IDC	Import declaration	1ID	Import Declaration (automatic invocation of formal declaration)	In units of 1 import declaration, etc.	Exist	PKK	Discharge Confirmation Registration (individual registration)	When cargo, for which information indicating that pre-arrival import declaration (automatic invocation on carry-in) is to be made is registered, is discharged or carried in to the warehouse planned for customs clearance
						PKI	Discharge Confirmation Registration (collective registration)	
						BIA	Carry-In Confirmation Registration (customs transit cargo)	
						BIB	Carry-In Confirmation Not Covered the System (imported cargo)	
						CYA	CY Carry-In Confirmation Registration	
						CTS	Consolidated Cargo Confirmation Registration	
						CYB	CY Carry-In Confirmation Not Covered the System (in units of containers)	
						CYD	CY Carry-In Confirmation Not Covered the System (in units of B/Ls)	
						CYE	CY Carry-In Confirmation Not Covered the System (collective carry-in)	
						PID	Arrival Confirmation Registration	
						DMF	Cargo Manifest Submission	
						CMF02	Update Manifest Information (After the Manifest Submission procedure)	
						CMF03	Update Manifest Information (Adding Information on Next Port of Discharge)	
						NVC01	House B/L Cargo Information Registration (registration, correction, deletion)	
						NVC02	House B/L Cargo Information Registration (association)	
IDC	Import declaration	3ID	Import Declaration (automatic invocation during office operating hours)	In units of 1 import declaration, etc.	Exist			Time-based invocation
IDC	Import declaration	1SW	Single Window Import Declaration Registration (automatic invocation)	In units of 1 import declaration, etc.	Exist	SWC	Single Window Import Declaration	−
MWC	Import Declaration of Petroleum Products, etc. (from Integrated Area Consumption)	3MW	Import Declaration of Petroleum Products, etc. (from Integrated Area Consumption) (automatic invocation during office operating hours)	In units of 1 declaration of import from manufacturing warehouse, etc.	Exist			Time-based invocation
CEA	Completion of Examination of Import Declaration	3CE	Completion of Examination of Import Declaration (automatic invocation)	In units of 1 import declaration, etc.	Exist			Time-based invocation
COW	Pending Release	1CW01	Pending Release, etc. (automatic invocation)	In units of 1 import declaration, etc.	Not exist		Other relevant ministers' procedures	When other relevant ministers' procedures laws and ordinances are certified by the system, and when permission/approval of the import declarations, etc. is pending due to waiting for procedures of other laws and ordinances and then the procedures of other laws and ordinances are approved, etc. by procedures related to procedures of relevant ministries and agencies

Original Procedure		Accumulative Processing Procedure		Processing Unit	Existence of Processing Result Notification	Invoked Procedure		Invocation Timing of Accumulative Processing Procedure
COW	Pending Release	3CW	Pending Release (automatic invocation during office operating hours)	In units of 1 import declaration, etc.	Not exist	1CW01	Pending Release, etc. (automatic invocation)	Time-based invocation

Original Procedure		Accumulative Processing Procedure		Processing Unit	Existence of Processing Result Notification	Invoked Procedure		Invocation Timing of Accumulative Processing Procedure
COW	Pending Release	1SR	Security Pending Release (automatic invocation)	In units of 1 import declaration, etc.	Exist	SER	Security Registration	When individual securities are registered or increased for import declarations, etc. in security shortage
						CTT	Completion of Examination of Security Provision Document	
COW	Pending Release	3SR	Security Pending Release (automatic invocation during office operating hours)	In units of 1 import declaration, etc.	Exist	SER	Security Registration	Time-based invocation
						CTT	Completion of Examination of Security Provision Document	
—	—	MP1	MPN Inquiry	In units of 1 payment number	Not exist		Inquiry Request from ATM and Other Channels	When inquiry request messages from the multi-payment network are received
—	—	MP2	MPN Clearing	In units of 1 payment number	Not exist		Treasury Money Clearing Request from ATM and Other Channels	When treasury money clearing request messages from the multi-payment network are received
				In units of 1 declaration, etc.				When the processing results from the real-time account Web server indicating that "online real-time account withdrawal resulted in normal termination" are received
MP2	MPN Clearing	3MP	MPN Clearing (automatic invocation during office operating hours)	In units of 1 payment number	Not exist			Time-based invocation
—	—	2KZ	Collective Account Withdrawal for Special Declaration (batch invocation)	In units of 1 collective payment notice number and 1 tab/fee subject	Not exist			Time-based invocation
—	—	RB1	Real-Time Account Withdrawal Result Confirmation	In units of 1 declaration, etc.	Exist (Only for tonnage due payment declaration)			When the processing results from the real-time account Web server are received
CEW	Export Declaration Processing After Carry-In	1CE	Export Declaration Processing After Carry-In (automatic invocation)	In units of 1 export declaration / in units of 1 export declaration of unaccompanied articles	Exist	BIC	Carry-In Confirmation Registration (uncustomed export)	When the entire quantity of cargo, for which export declaration or export declaration of unaccompanied articles has been made before carry-in, is carried in to distributed warehouses, including the warehouse planned for customs clearance
						CYA	CY Carry-In Confirmation Registration	
						VAN	Vanning Information Registration (in units of containers)	
						VAE	Vanning Information Registration (in units of export management numbers)	
						VAA	Vanning Information Addition	
						VAD	Vanning Information Correction	
CEW	Export Declaration Processing After Carry-In	3EW	Export Declaration Processing After Carry-In (automatic invocation during office operating hours)	In units of 1 export declaration / in units of 1 export declaration of unaccompanied articles	Exist			Time-based invocation
RP2	Fee Receipt Confirmation	1CP	Completion of Examination of Application for Permission for Entrance into and Departure from Closed Port (automatic invocation)	In units of 1 application number	Exist			When the processing results from REPS indicating that the payment of fees has been completed is received
—	—	1AC	Completion of Examination of Application for Permission for Cargo Examination at Places Other than Designated Area (automatic invocation)	In units of 1 application number	Exist			When the processing results from REPS indicating that the payment of fees has been completed is received
—	—	1HI	General Application Fee Payment Number Notice (automatic invocation)	In units of 1 serial no. of receipt	Exist			When the processing results from REPS indicating that the payment of fees has been completed is received
PAI	Permission/Application, etc. Information Registration (import clearance)	1CH	Completion of Examination of General Application (accumulative processing)	In units of 1 general application receipt number	Exist			When the registration of Completion of Examination of General Application is processed with Permission/Application, etc. Information Registration (import clearance)

Original Procedure		Accumulative Processing Procedure		Processing Unit	Existence of Processing Result Notification	Invoked Procedure		Invocation Timing of Accumulative Processing Procedure
PAE	Permission/Application, etc. Information Registration (export clearance)	1CH	Completion of Examination of General Application (accumulative processing)	In units of 1 general application receipt number	Exist			When the registration of Completion of Examination of General Application is processed with Permission/Application, etc. Information Registration (export clearance)
IFA	Registration of items on the report concerning the import of foods	1FA	Registration of items on the report concerning the import of foods (automatic invocation)	In units of 1 notification number	Exist	SWA	Single Window Import Declaration Registration	When Foods, etc. Import Notification Registration is processed with Single Window Import Declaration Registration
IFC	Report concerning the import of foods	1FC	Report concerning the import of foods(automatic invocation)	In units of 1 notification number	Exist	SWC	Single Window Import Declaration	When the information on the import declaration made is linked to the information on Foods, etc. Import Notification
IFC	Report concerning the import of foods	3IF	Report concerning the import of foods (fixed time automatic invocation)	In units of 1 notification number	Exist			Time-based invocation
ILC	Application for Examination of Imported Animal Products	1IL	Application for Examination of Imported Animal Products (automatic invocation of application after arrival)	In units of applications	Not exist	PKI	Discharge Confirmation Registration (collective registration)	When cargo, for which information indicating that automatic invocation of application after the arrival of imported animal products is to be made is registered, is discharged or carried in to the warehouse planned for customs clearance
						PKK	Discharge Confirmation Registration (individual registration)	
						CYA	CY Carry-In Confirmation Registration	
						CYB	CY Carry-In Confirmation Not Covered the System (in units of containers)	
						CYD	CY Carry-In Confirmation Not Covered the System (in units of B/Ls)	
						CYE	CY Carry-In Confirmation Not Covered the System (collective carry-in)	
						BIB	Carry-In Confirmation Not Covered the System (imported	
						BIA	Carry-In Confirmation Registration (customs transit cargo)	
						CTS	Consolidated Cargo Confirmation Registration	
SIK	Tax amount registration	1SK	Tax amount registration (automatic invocation)	In units of applications	Not exist	RPC	Applications for payment of general application fees	when the application for "International Tourist Tax"
—	—	1COPR	Output of certificate of origin information reports	In units of user／In units of "N-C/O number"	Not exist	IDC	Import declaration	When the application for electronic certificate of origin for import declarations
						1ID	Import Declaration (automatic invocation of formal declaration)	
						3ID	Import Declaration (declaration during office operating hours)	
						CEA	Completion of Examination of Import Declaration	
						CEA01	Completion of screening of import declarations (forced input)	
						COW	Pending Release	
						1CW01	Pending Release, etc. (automatic invocation)	
						3CW	Pending Release (automatic invocation during office operating	
						1SR	Security Pending Release (automatic invocation)	
						3SR	Security Pending Release (automatic invocation during office o	
						RCC	Confirmation of receipt	
						RCC20	Confirmation of receipt (forced input)	
						RCC01	Confirmation of receipt (forced input by other stations)	
						RCC30	Confirmation of receipt (bar code reader)	
						RCC40	Confirmation of receipt and registration of receipt notices (bar c	
						GFG	Registration of deducted settlements and losses due to nonpay	
						GFG20	Registration of deducted settlements and losses due to nonpay	
						MPF	Forced MPN negation	
						MP2	MPN Clearing	
						3MP	MPN Clearing (automatic invocation during office operating hours)	
						1COPR	Output of certificate of origin information reports	

	Original Procedure		Accumulative Processing Procedure	Processing Unit	Existence of Processing Result Notification		Invoked Procedure	Invocation Timing of Accumulative Processing Procedure
<Air Related Procedures>								
EDC	export declaration	1ED	Export Declaration (automatic invocation) Export Declaration (automatic invocation of formal declaration)	In units of 1 export declaration	Exist	BII01	Individual Carry-In Confirmation Registration	When cargo, for which information indicating that export declaration on carry-in is to be made is registered, is carried in
						BIL01	Collective Carry-In Confirmation Registration	
EDC	export declaration	3ED	Export Declaration (declaration during office operating hours)	In units of 1 export declaration	Exist			Time-based invocation
EAC	Application for Export Permit Content Change	1EA	Application for Export Permit Content Change (accumulative procedure)	In units of 1 export declaration	Exist	EAM01	Application for Export Permit Content Change (collective change of port of shipment)	—
UEC	Export Declaration of Unaccompanied Articles	1UE	Export Declaration of Unaccompanied Articles (automatic invocation)	In units of 1 export declaration of unaccompanied articles	Exist	BII01	Individual Carry-In Confirmation Registration	When cargo, for which information indicating that export declaration of unaccompanied articles on carry-in is to be made is registered, is carried in
						BIL01	Collective Carry-In Confirmation Registration	
UEC	Export Declaration of Unaccompanied Articles	3UE	Export Declaration of Unaccompanied Articles (declaration during office operating hours)	In units of 1 export declaration of unaccompanied articles	Exist			Time-based invocation
UAC	Application for Unaccompanied Article Export Permit Content Change	1UA	Application for Unaccompanied Article Export Permit Content Change (accumulative procedure)	In units of 1 export declaration of unaccompanied articles	Exist	EAM01	Application for Export Permit Content Change (collective change of port of shipment)	—
MEC	Export Manifest Clearance Declaration	1ME	Export Manifest Clearance Declaration (automatic invocation) Export Manifest Clearance Declaration (automatic invocation of formal declaration)	In units of 1 export manifest clearance declaration	Exist	BII01	Individual Carry-In Confirmation Registration	When cargo, for which information indicating that export manifest clearance declaration on carry-in is to be made is registered, is carried in
						BIL01	Collective Carry-In Confirmation Registration	
MEC	Export Manifest Clearance Declaration	3ME	Export Manifest Clearance Declaration (declaration during office operating hours)	In units of 1 export manifest clearance declaration	Exist			Time-based invocation
MAF	Application for Export Manifest Clearance Declaration Permit Content Change	1MA	Application for Export Manifest Clearance Declaration Permit Content Change (accumulative procedure)	In units of 1 export manifest clearance declaration	Exist	EAM01	Application for Export Permit Content Change (collective change of port of shipment)	—
CEW	Export Declaration Processing After Carry-In	1CE	Export Declaration Processing After Carry-In (automatic invocation)	In units of 1 export declaration / in units of 1 export declaration of unaccompanied articles / in units of 1 export manifest clearance declaration	Exist	BII01	Individual Carry-In Confirmation Registration	When the entire quantity of cargo, for which export declaration of unaccompanied articles or export manifest clearance declaration has been made before carry-in, is carried in
						BIL01	Collective Carry-In Confirmation Registration	
CEW	Export Declaration Processing After Carry-In	3EW	Export Declaration Processing After Carry-In (automatic invocation during office operating hours)	In units of 1 export declaration / in units of 1 export declaration of unaccompanied articles / in units of 1 export manifest clearance declaration	Exist			Time-based invocation

Original Procedure		Accumulative Processing Procedure		Processing Unit	Existence of Processing Result Notification	Invoked Procedure		Invocation Timing of Accumulative Processing Procedure
IDC	Import declaration	1ID	Import Declaration (automatic invocation of formal declaration)	In units of 1 import declaration, etc.	Exist	ACH	AWB Information Registration (import)	When cargo, for which pre-arrival declaration (automatic invocation) concerning import declaration, etc., pre-arrival declaration concerning import declaration on the moment of arrival, or pre-arrival declaration concerning import declaration before cargo arrival is registered, is arrived at the warehouse planned for customs clearance, matched, or carried in, etc. by the procedures
						PKG	Cargo Confirmation Information Registration	
						CAW	AWB Information Correction	
						CPK	Cargo Confirmation Information Correction	
						HCH01	HAWB Information Registration (import)	
						HPK	Consolidated Cargo Confirmation Information Registration	
						CHA	HAWB Information Correction	
						CHP	Consolidated Cargo Confirmation Information Correction	
						OIN	Carry-In Confirmation Registration (customs transit not subject to the system)	
						KAM01	Cargo Transfer Information Registration	
						OUT	Carry-Out Confirmation Registration (general)	
						BIN01	Carry-In Confirmation Registration (customs transit subject to the system)	
						CAI01	Imported Cargo Information Change/Registration	
IDC	Import declaration	3ID	Import Declaration (declaration during office operating hours)	In units of 1 import declaration, etc.	Exist			Time-based invocation
IDC	Import declaration	1SW	Single Window Import Declaration Registration (automatic invocation)	In units of 1 import declaration, etc.	Exist	SWC	Single Window Import Declaration	－
MWC	Import Declaration of Petroleum Products, etc. (from Integrated Area Consumption)	3MW	Import Declaration of Petroleum Products, etc. (from Integrated Area Consumption) (declaration during office operating hours)	In units of 1 declaration of import from manufacturing warehouse, etc.	Exist			Time-based invocation
CEA	Completion of Examination of Import Declaration	3CE	Completion of Examination of Import Declaration (automatic invocation)	In units of 1 import declaration, etc.	Exist			Time-based invocation
MIC	Import Manifest Clearance Declaration	1MI	Import Manifest Clearance Declaration (automatic invocation of formal declaration)	In units of 1 import manifest clearance declaration	Exist	ACH	AWB Information Registration (import)	When cargo, for which pre-arrival declaration (automatic invocation) concerning import manifest clearance declaration, etc. or pre-arrival declaration concerning import declaration on the moment of arrival is registered, is arrived at the warehouse planned for customs clearance, matched, or carried in, etc. by the procedures
						PKG	Cargo Confirmation Information Registration	
						CAW	AWB Information Correction	
						CPK	Cargo Confirmation Information Correction	
						HCH01	HAWB Information Registration (import)	
						HPK	Consolidated Cargo Confirmation Information Registration	
						CHA	HAWB Information Correction	
						CHP	Consolidated Cargo Confirmation Information Correction	
						OIN	Carry-In Confirmation Registration (customs transit not subject to the system)	
						KAM01	Cargo Transfer Information Registration	
						OUT	Carry-Out Confirmation Registration (general)	
						BIN01	Carry-In Confirmation Registration (customs transit subject to the system)	
						CAI01	Imported Cargo Information Change/Registration	
MIC	Import Manifest Clearance Declaration	3MI	Import Manifest Clearance Declaration (declaration during office operating hours)	In units of 1 import manifest clearance declaration	Exist			Time-based invocation
COW	Pending Release	3CW	Pending Release (automatic invocation during office operating hours)	In units of 1 import declaration, etc.	Not exist	1CW01	Pending Release, etc. (automatic invocation)	Time-based invocation

Original Procedure		Accumulative Processing Procedure		Processing Unit	Existence of Processing Result Notification	Invoked Procedure		Invocation Timing of Accumulative Processing Procedure
COW	Pending Release	1SR	Security Pending Release (automatic invocation)	In units of 1 import declaration, etc.	Not exist	SER	Security Registration	When individual securities are registered or increased for import declarations, etc. in security shortage
COW	Pending Release	3SR	Security Pending Release (automatic invocation during office operating hours)	In units of 1 import declaration, etc.	Not exist	SER	Security Registration	Time-based invocation
—	—	1HA01	HAWB Cargo Formal Declaration Automatic Invocation 1	In units of 1 MAWB	Not exist	ADM01	Advance Cargo Manifest Registration	When pre-arrival declaration concerning import declaration on the moment of arrival (in the case where cargo is delivered at a customs airport) or pre-arrival declaration concerning import declaration before cargo arrival is registered for the HAWBs pertaining to the MAWB
						ACH	AWB Information Registration (import)	
						CAW	AWB Information Correction	
						OIN	Carry-In Confirmation Registration (customs transit not subject to the system)	
						KAM01	Cargo Transfer Information Registration	When pre-arrival declaration concerning import declaration on the moment of arrival (in the case where cargo is delivered at a place of collecting air cargo) is registered for the HAWBs pertaining to the MAWB
						OUT	Carry-Out Confirmation Registration (general)	
—	—	1HA02	HAWB Cargo Formal Declaration Automatic Invocation 2	In units of 40 HAWBs	Not exist	1HA01	HAWB Cargo Formal Declaration Automatic Invocation 1	When pre-arrival declaration concerning import declaration on the moment of arrival or pre-arrival declaration concerning import declaration before cargo arrival is registered for the HAWBs pertaining to the MAWB
—	—	1OL	Customs Transit Declaration (accumulative processing)	In units of 1 AWBs	Not exist	PKG	Cargo Confirmation Information Registration	When the PKG ULD procedure for intact cargo is processed for cargo, for which information indicating that automatic invocation of customs transit declaration is to be used is registered by the ULD Delivery Information Registration (UDA) procedure
—	—	MP1	MPN Inquiry	In units of 1 payment number	Not exist		Inquiry Request from ATM and Other Channels	When inquiry request messages from the multi-payment network are received
—	—	MP2	MPN Clearing	In units of 1 payment number	Not exist		Treasury Money Clearing Request from ATM and Other Channels	When treasury money clearing request messages from the multi-payment network are received
				In units of 1 declaration, etc.				When the processing results from the real-time account Web server indicating that "online real-time account withdrawal resulted in normal termination" are received
MP2	MPN Clearing	3MP	MPN Clearing (automatic invocation during office operating hours)	In units of 1 payment number	Not exist			Time-based invocation
—	—	RB1	Real-Time Account Withdrawal Result Confirmation	In units of 1 declaration, etc.	Not exist			When the processing results from the real-time account Web server are received
RP2	Fee Receipt Confirmation	1CP	Completion of Examination of Application for Permission for Entrance into and Departure from Closed Port (automatic invocation)	In units of 1 application number	Exist			When the processing results from REPS indicating that the payment of fees has been completed is received
—	—	1AC	Completion of Examination of Application for Permission for Cargo Examination at Places Other than Designated Area (automatic invocation)	In units of 1 application number	Exist			When the processing results from REPS indicating that the payment of fees has been completed is received
—	—	1HI	General Application Fee Payment Number Notice (automatic invocation)	In units of 1 serial no. of receipt	Exist			When the processing results from REPS indicating that the payment of fees has been completed is received

Original Procedure		Accumulative Processing Procedure		Processing Unit	Existence of Processing Result Notification	Invoked Procedure		Invocation Timing of Accumulative Processing Procedure
PAI	Permission/Application, etc. Information Registration (import clearance)	1CH	Completion of Examination of General Application (accumulative processing)	In units of 1 general application receipt number	Exist			When the registration of Completion of Examination of General Application is processed with Permission/Application, etc. Information Registration (import clearance)
PAE	Permission/Application, etc. Information Registration (export clearance)	1CH	Completion of Examination of General Application (accumulative processing)	In units of 1 general application receipt number	Exist			When the registration of Completion of Examination of General Application is processed with Permission/Application, etc. Information Registration (export clearance)
IFA	Registration of items on the report concerning the import of foods	1FA	Registration of items on the report concerning the import of foods (automatic invocation)	In units of 1 notification number	Exist	SWA	Single Window Import Declaration Registration	When Foods, etc. Import Notification Registration is processed with Single Window Import Declaration Registration
IFC	Report concerning the import of foods	1FC	Report concerning the import of foods(automatic invocation)	In units of 1 notification number	Exist	SWC	Single Window Import Declaration	When the information on the import declaration made is linked to the information on Foods, etc. Import Notification
IFC	Report concerning the import of foods	3IF	Report concerning the import of foods (fixed time automatic invocation)	In units of 1 notification number	Exist			Time-based invocation
ILC	Application for Examination of Imported Animal Products	1IL	Application for Examination of Imported Animal Products (automatic invocation of application after arrival)	In units of applications	Not exist	PKG	Cargo Confirmation Information Registration	When cargo, for which information indicating that automatic invocation of application after the arrival of imported animal products is to be made is registered, is matched or carried in, etc. by the procedure
						CPK	Cargo Confirmation Information Correction	
						HPK	Consolidated Cargo Confirmation Information Registration	
						CHP	Consolidated Cargo Confirmation Information Correction	
						OIN	Carry-In Confirmation Registration (customs transit not subject to the system)	
						ACH	AWB Information Registration (import)	
						CAW	AWB Information Correction	
						HCH01	HAWB Information Registration (import)	
						CHA	HAWB Information Correction	
						CAI01	Imported Cargo Information Change/Registration	
SIK	Tax amount registration	1SK	Tax amount registration (automatic invocation)	In units of applications	Not exist	RPC	Applications for payment of general application fees	when the application for "International Tourist Tax"
—	—	1COPR	Output of certificate of origin information reports	In units of user／In units of "N-C/O number"	Not exist	IDC	Import declaration	When the application for electronic certificate of origin for import declarations
						1ID	Import Declaration (automatic invocation of formal declaration)	
						3ID	Import Declaration (declaration during office operating hours)	
						CEA	Completion of Examination of Import Declaration	
						CEA01	Completion of screening of import declarations (forced input)	
						COW	Pending Release	
						1CW01	Pending Release, etc. (automatic invocation)	
						3CW	Pending Release (automatic invocation during office operating	
						1SR	Security Pending Release (automatic invocation)	
						3SR	Security Pending Release (automatic invocation during office o	
						RCC	Confirmation of receipt	
						RCC20	Confirmation of receipt (forced input)	
						RCC01	Confirmation of receipt (forced input by other stations)	
						RCC30	Confirmation of receipt (bar code reader)	
						RCC40	Confirmation of receipt and registration of receipt notices (bar c	
						GFG	Registration of deducted settlements and losses due to nonpay	
						GFG20	Registration of deducted settlements and losses due to nonpay	
						MPF	Forced MPN negation	
						MP2	MPN Clearing	
						3MP	MPN Clearing (automatic invocation during office operating hours)	
						1COPR	Output of certificate of origin information reports
