1001. General Vessel Information Registration

Procedure Code	Procedure Name
VBX	General Vessel Information Registration

1. Procedure Outline

Register the general vessel information of each relevant vessel before arrival at a Japanese port.

Confirmation from Customs Station is needed after this service.

The basic registered vessel information is deleted from the system on the date that the procedure is entered or after a specified period of time after Customs Station has confirmed the information.

2. Implementer

Carrier, Shipping Agent

3. Limits

Nil

4. Input Conditions

(1) Implementer verification

[1] The Implementer is a user already registered in the system.

[2] If the Implementer is a Carrier, the Implementer (carrier) must be the same company as the Vessel Operator that was already input.

(2) Input field verification

(A) Individual field verification

Refer to the "List of Input Fields

(B) Data linkage verification

Refer to the "List of Input Fields See"

(3) Vessel database verification

The entered Vessel Code does not exist in the vessel database.

5. Processing Details

(1) Input data verification

Check If the above-mentioned input information is satisfied, successfully completed it if they are met, and carries out subsequent process after specifying "00000-0000-0000" for the Process Result Code.

An error shall be declared if it is not satisfied, and outputs the Process Result Output after specifying a value other than "00000-0000-0000" for the Process Result Code.(Refer to "list of Process Result Codes" for the error contents.)

(2) Vessel database process

[1] Register the information for the entered Vessel Code in the vessel database.

[2] Register the entered contents.

(3) Output procedure for output information

Output procedure for output information mentioned below will be carried out. Refer to the "List of Output Fields" for the output fields.

6. Output Information

Information Name	Output Conditions	Output Destination
Processing Result Output	Nil	Implementer

7. Special Notes

Registered general vessel information is registered as a foreign trading ship and special ship.
